odity is 5 cents a hundred from New

informality which has characterized our first conference will persist in all of the relations which we may have in Orleans, interior Louisiana points, Texas and Arkansas to St. Louis and Personal to Rivermen.

M. Mitchell Davis, shipbuilder of Solomons Island, Md., who was in the city on a short visit to Capt. A. J. Taylor, left yesterday for Baltimore en route to his home.

R. E. Duvall of Duvall & Co., tie dealers, has returned from a business trip to Virginia, and was yesterday afternoon at his office on the 13th street wharf.

Capt. Frank Taylor of A. J. Taylor Asia is largely milled in Germany and same points to Chicago and Milwankee

dealers, has been dealers, the first trip to Virginia, and was yesterually afternoon at his office on the 13th street wharf.

Capt. Frank Taylor of A. J. Taylor & Bro., tugboat owners, is aboard the tug Advance on her way to this city from Baltimore, after delivering the standard of living rules. Rice from Asia is largely milled in Germany and the German mills dominate the brewters' rice market."

SIMPLER SCHOOL FORMS.

Supt. Thurston Appoints Committee to Study Subject. .

In order to simplify all forms, and thereby the work, of the public school system, Ernest L. Thurston, the superintendent, has appointed a committee to take up this matter with him. Every kind of form, even down to the letter paper, is to be considered and simplified wherever possible. All duplications and near duplications are to be avoided.

The committee consists of Stephen E. Kramer, assistant superintendent, who Kramer, assistant superintendent, who s to represent the general officers; R. O. Wilmarth, representing the financial and business office; H. M. Johnson, representing the supervising officers and and business office; H. M. Johnson, representing the supervising officers and officers of the grade schools; Allan Davis, representing the high schools, and John A. Chamberlain, representing the special departments. Representatives of groups not directly represented on the committee are to be called in whenever forms, particularly concerning. ever forms particularly concerning them are considered.

FIFTY OR MORE WOMEN

Wives of Strikers in Stamford, Conn., Use Broomsticks and Pick Handles as Weapons.

STAMFORD, Conn., April 24 .- Wives f striking laborers here to the num ber of fifty or more, armed with broomsticks, pick handles and salt, had at the town hall. One arrest was made. nent Washington women under tion of their union

Demand Made on Mayor.

would not meet until Monday. He asked them to disperse, and when they refused directed the police to disperse them. Police Chief Brennan seized the leader of the women, Mrs. Mary Doldosi, which was a signal for the outbreak, and the policemen were beaten, scratched and bitten by the women who rushed to their leader's assistance. Mrs. Doldosi was hurried into the town hall, where she was charged with breach of the peace. The women then dispersed.

where his friends are aiding in every way in sending supplies to the plague-fighters in Serbia.

The second meeting of the Washington committee was held yesterday at \$11 Vermont avenue, the temporary headquarters. About forty women prominent in society were present.

Tells of Serbia's Needs.

Prof. M. I. Pupin of New York, the Serbian consul general to the United States, explained to the committee the

TO BE TRAINING SHIP.

Maple Detailed for Use of Layers of
Mines Near Baltimore.

For service as a training ship for the mine-planting artillery company stationed at Fort Howard and the other defenses of Baltimore, the lighthouse service steamer Maple will be diverted from her regular duties for the next week or two. The Maple will next week report to the commanding officer at Fort Howard, and aboard her the mine-planting squads will be sent out and will receive practical instruction in the

After spending several months on to send in the names so that the full he inland waters of North Carolina list of the committee can be made up the inland waters of North Carolina, during which she overhauled buoyage, erected new lights and other aids to navigation, the lighthouse service steamer Jessamine has returned to Baltimore. She will take up buoy work on the approaches to Baltimore and along the upper part of Chesapeake bay. The tender Ivy is at Portsmouth, Va., where she is taking aboard supplies for light stations in the lower part of the Chesapeake.

Beposition as soon as possible.

Depot to Be Kept Open.

Subcommittees were formed to be in attendance at the depot on Vermont avenue every day next week, and tea will be served from 3 to 5 every afternoon and information given to every one who desires to help.
